PROJECTS

Movie-Search-App
• Built a movie search app using the OMDb API to fetch and display movie details.
• Added dynamic search with responsive row and column layouts.
• Used JavaScript, HTML, and CSS for a smooth and interactive UI.

Amazon-Web-Page
• Developed a responsive e-commerce webpage with product listings and categories.
• Used HTML and CSS for structure, styling, and a user friendly experience.
• Focused on clean UX design to simulate real-world e commerce functionality.

Notes-Taking-App
• Built a responsive app with add, edit, and delete note functionalities using HTML, CSS, and JavaScript. • Utilized local storage for note persistence across sessions.

EXPERIENCE

Navgurukul Foundation For Social and Welfare
Workout Coordinator
10/2024 – present │ Pune,Maharashtra, India
• Designed and led workout plans to achieve fitness goals. • Organized group sessions for up to 100 participants. • Monitored progress, provided feedback, and offered health tips.
• Managed schedules and ensured participant engagement.
